

Private

Perennial Ryegrass

For Professional and Home Lawns

Private Perennial Ryegrass is a top-rated dark green, fine textured variety that performs well in full sun. It is an excellent choice for perennial ryegrass blends or blended with fine fescues or Kentucky bluegrass. *Private* features rapid germination, good density, superb spring green up and excellent disease resistance.

Seeding Rates:

New Lawn: 7-10 lbs. per 1,000 sq. ft.
Overseeding: 5-7 lbs. per 1000 sq. ft.

Areas of Use: *Private* can be used in full sun to partial shade and is a beautiful dark green color that will enhance any area. It makes a quick cover with very uniform leaf blades. The tillering capability of this grass creates a dense turf that holds up well to wear. *Private* has the improved turf characteristics required to meet the demands of today's turf manager and homeowner. This variety produces a beautiful lawn.

- Dark green color
- Disease resistant
- Strong winter hardiness
- Good wear tolerance
- Superb spring green up

Genetic Color Rating 2006 NTEP Report	
Private	9.0
