Actress
Perennial Ryegrass

For Professional & Home Lawns

Actress
turf-type perennial ryegrass

Actress Perennial Ryegrass is a new perennial ryegrass variety that establishes rapidly (4-10 days) and then quickly forms a dense attractive medium-dark green turf with excellent vigor, texture and adaptability.

Seeding Rates:
New Lawn: 7-10 lbs. per 1,000 sq. ft.
Overseeding: 5-7 lbs. per 1000 sq. ft.

Areas of Use: *Actress* is tough and can be planted in lower grade soils with lower fertility and still do well. *Actress* was not developed and tested exclusively in ideal soil and maximum fertility. *Actress* is a long-lived variety that will provide a healthy turf for many years after establishment (a quality that has been lost in many newer varieties).

Actress has a medium attractive blade width that is stable and consistent throughout the stand, and blends well in mixtures. It features unique genetics that differ from nearly all other turf varieties. These characteristics add genetic diversity to other turf blends, ensuring their ability to adjust to extreme weather, disease and a variety of soil conditions.

- **Rapid establishment**
- **Low growth height**
- **Dense, strong turf**
- **Highly adaptable**
- **Excellent longevity**
