

Annihilator

Turf-type Tall Fescue

For Professional and Home Lawns

Annihilator Tall Fescue is an exceptional tall fescue variety that produces strong resilient dark green turf with excellent disease resistance and drought tolerance. It spreads by rhizomes to create a self-repairing surface with outstanding wear tolerance and heat resistance. *Annihilator* is an excellent choice for sod production, home lawns, sports fields and low maintenance areas.

Seeding Rates:

New Lawn: 8-12 lbs. per 1,000 sq. ft.
Overseeding: 4-6 lbs. per 1000 sq. ft.

Areas of Use: *Annihilator* is recommended for permanent turf in full or partial shade on golf course roughs, out-of-bounds areas, and low maintenance sites. It can be utilized in turf-grass mixtures maintained at a moderate height of cut. Can be used in dry temperate regions in addition to hot and humid regions with excellent results.

- **Good heat tolerance**
- **Disease resistant**
- **Drought tolerant**
- **Fills in bare spots**
- **Strong wear tolerance**
