

# Fireball

## Perennial Ryegrass

For Professional and Home Lawns

**Fireball Perennial Ryegrass** produces a dark green turf with aggressive tillering capability. It has excellent cold tolerance and improved turf performance. Additional benefits include rapid establishment, excellent spring green up and the ability to blend well with other species. *Fireball* is endophyte enhanced for increased insect and disease resistance.

#### Seeding Rates:

*New Lawn:* 7-10 lbs. per 1,000 sq. ft.

*Overseeding:* 5-7 lbs. per 1000 sq. ft.

**Areas of Use:** *Fireball* can be used in full sun to partial shade and is a beautiful dark green color that will enhance any area. It makes a quick cover with very uniform leaf blades. The tillering capability of this grass creates a dense turf that holds up well to wear. It is an excellent choice for home and professional lawns.

- **Excellent turf quality**
- **Fine leaf texture**
- **Very disease resistant**
- **Good wear tolerance**
- **Dark green color**
