

# Hattrick

Perennial Ryegrass

For Professional and Home Lawns

**Hattrick Perennial Ryegrass** was selected based on its color, disease resistance and turf density. *Hattrick* ranked third overall in the latest Perennial Ryegrass NTEP Trials for turf quality under stress. It features outstanding color, rapid establishment, excellent wear tolerance and recovery, and superior disease resistance. It will perform well in summer drought conditions and it grows well in the winter in overseeding mixtures with Bermudagrass. It is an outstanding choice for a premium turf that is both beautiful and easy to maintain.

**Seeding Rates:**

*New Lawn:* 8-10 lbs. per 1,000 sq. ft.  
*Overseeding:* 4-5 lbs. per 1000 sq. ft.

**Areas of Use:** *Hattrick* can be used in full sun to partial shade and is a beautiful dark green color that will enhance any area. It is an excellent choice for home lawns, parks, sports fields and recreation areas.

**Exceptional Disease Resistance:** *Hattrick* demonstrated outstanding resistance to common turfgrass diseases including Grey Leaf Spot, Crown Rust, Winter Net Blotch, Dollar Spot, Red Thread and Brown Patch. It is endophyte-enhanced for exceptional resistance to surface and crown feeding insects including billbugs, sod webworm, chinch bugs and armyworms.

- Excellent turf quality
- Fine leaf texture
- Strong disease resistance
- Good wear tolerance
- Amazing dark green color
