

Marauder

Turf-type Tall Fescue

For Professional and Home Lawns

Marauder Tall Fescue was selected for its fine leaf texture and beautiful dark green color. *Marauder* also features superior disease resistance and drought tolerance. This versatile variety can be counted on to produce premium quality turf that will withstand wear, heat and drought. It spreads by rhizomes to “self repair” bare spots. It’s a top choice for sod producers and lawn care professionals.

Seeding Rates:

New Lawn: 8-12 lbs. per 1,000 sq. ft.
Overseeding: 4-6 lbs. per 1000 sq. ft.

Areas of Use: *Marauder* is recommended for permanent turf in full or partial shade on golf course roughs, out-of-bounds areas, and low maintenance sites. It can be utilized in turf-grass mixtures maintained at a moderate height of cut. Can be used in dry temperate regions in addition to hot and humid regions with excellent results.

- Good heat tolerance
- Disease resistant
- Drought tolerant
- Fills in bare spots
- Good wear tolerance
