

Shamrock

Kentucky Bluegrass

For Professional and Home Lawns

Shamrock Kentucky Bluegrass is one of the most aggressive bluegrasses available. It forms a sod so dense that it will crowd out most weeds and withstand foot traffic exceptionally well. *Shamrock* exhibits early spring green-up and remains dark green and dense all season long. *Shamrock* is an excellent choice for home lawns, parks or sod production.

Seeding Rates:

New Lawn: 2-4 lbs. per 1,000 sq. ft.

Overseeding: 5-7 lbs. per 1000 sq. ft.

Areas of Use: *Shamrock* was developed with quick establishment in mind. It is wear tolerant and repairs itself by rhizomes. It is an excellent variety choice for worldwide usage where other cool season grasses grow.

- **Very wear tolerant**
- **Dark green color**
- **Fine bladed**
- **Exceptional persistence**
- **High plant density**
