

# TeeLee

## Perennial Ryegrass

For Professional and Home Lawns

**TeeLee Perennial Ryegrass** is becoming one of the most sought after varieties in the professional turf industry. Scoring at the top of the NTEP's for Genetic Color, Disease Resistance and Wear Tolerance, *TeeLee* Perennial Ryegrass has a fine leaf texture and tolerates mowing heights as low as ½ inch. This variety is very heat tolerant and requires less fertilizer to retain its dark green color. It also demonstrates excellent winter hardiness.

#### Seeding Rates:

*New Lawn:* 7-10 lbs. per 1,000 sq. ft.

*Overseeding:* 3-5 lbs. per 1000 sq. ft.

**Areas of Use:** *TeeLee* can be planted in full sun to partial shade. It is an ideal choice for home lawns, golf courses, sports fields and parks.

- **Excellent turf quality**
- **Fine leaf texture**
- **Very disease resistant**
- **Good wear tolerance**
- **Dark green color**
