

Tee-Me-Up

Perennial Ryegrass

For Professional and Home Lawns

Tee-Me-Up Perennial Ryegrass was entered into the 2016 NTEP trials and we are anxiously waiting the outcome. At McCarthy Research Farm in Oregon the turf quality, leaf texture and disease was outstanding. We found that to be the same on the McCarthy Research location in PA. We are so excited about *Tee-Me-Up* that we have production currently in the ground and will have small amounts to offer for fall of 2017.

Seeding Rates:

New Lawn: 7-10 lbs. per 1,000 sq. ft.

Overseeding: 5-7 lbs. per 1000 sq. ft.

Areas of Use: *Tee-Me-Up* can be used in full sun to partial shade and is a beautiful dark green color that will enhance any area. *Tee-Me-Up* is an ideal choice for home lawns, golf courses, sports fields and parks.

- Excellent turf quality
- Fine leaf texture
- Very disease resistant
- Good wear tolerance
- Dark green color

Growth Habit	Estab. Rate Days	Mowing Frequency	Traffic Tol. (Brinkman)	Nitrogen Required	Shade Tolerance	Cold Tolerance	Drought Tolerance	Endophyte Enhanced	Salinity Tolerance
