

Warhawk

Turf-type Tall Fescue

For Professional and Home Lawns

Warhawk Tall Fescue is an outstanding tall fescue variety that produces a beautiful dark green turf with excellent disease resistance and drought tolerance. It spreads by rhizomes to create a self-repairing surface that stands up to excessive wear and high temperatures. *Warhawk* is a top choice for sod production, home lawns, sports fields and low maintenance areas.

Seeding Rates:

New Lawn: 8-12 lbs. per 1,000 sq. ft.

Overseeding: 4-6 lbs. per 1000 sq. ft.

Areas of Use: *Warhawk* is recommended for permanent turf in full or partial shade on golf course roughs, out-of-bounds areas, and low maintenance sites. It can be utilized in turf-grass mixtures maintained at a moderate height of cut. Can be used in dry temperate regions in addition to hot and humid regions with excellent results.

- **Good heat tolerance**
- **Disease resistant**
- **Drought tolerant**
- **Fills in bare spots**
- **Strong wear tolerance**
